

END OF ELECTION
WILL HELP TRADESO SAYS MR. DUNN OF REPORT
REPUTATION.

There Has Not Been Much Doing In the Speculative Line But a Revival Is Now Expected—While Wheat Is Higher Receipts Are Smaller—Failures Reported.

NEW YORK, Nov. 10.—R. G. Dunn & Co.'s weekly review of trade says: "Business has been waiting the greater part of the last week, and the elections are expected to give it a sharp stimulus. Wheat is 2 cents higher, but with receipts of only 3,845,032 bushels against 6,598,477 the same week last year, there is little encouragement, because stocks in sight are far beyond all previous records. Atlantic exports have been only 553,317 bushels against 947,563 last year and the price has advanced about half a cent, but there is scarcely any confidence that present prices, low as they are, will be maintained. Corn has fallen about 1 cent, notwithstanding the fact that western receipts were only about 1,017,693 bushels, against 2,494,647 last year and Atlantic exports only 72,732 bushels against 662,394 last year, for statistics have little effect when the supply is believed to be so far short. Cotton has declined an eighth to 5½¢, which is again the lowest price ever recorded and appears to mean a definite decrease in production hereafter, as in most of the southern states the prices now realized are not remunerative. For the present the stocks here and abroad are large enough to kill any speculation.

"The output of pig iron was larger by 7,731 tons Nov. 1, when it was 158,866 tons weekly, than it was Oct. 1, and larger than a year ago, but it is still about 13 per cent below the output last May, before the depression began.

"Scarcely anything is doing in woolen goods for spring delivery and the demand for fall and winter goods has nearly disappeared. In general it is believed that the spring orders thus far are not more than half the usual quantity. The sales of wool at the three chief markets of the east have been only 3,575,600 pounds, against 3,864,700 last year, and 8,215,000 in 1892 for the corresponding week. There is no speculative buying and manufacturers are purchasing only for their immediate needs, so that the prices, though averaging about a quarter of a cent lower than a month ago, show no tendency as yet to improve.

"The failures during the last week have been 261 in the United States, against 358 last year, and forty-two in Canada, against thirty-seven last year. There have been a few failures of consequence during the week, but none of extensive influence."

FOREST FIRES IN THE SOUTH.

West Tennessee and Eastern Arkansas Towns in Danger.

MEMPHIS, Tenn., Nov. 10.—Forest fires are raging in west Tennessee and east Arkansas, and a cloud of smoke has settled down over the city and surrounding country like a fog. The passengers on the steamer Lady Lee bring terrible tales of losses and suffering from forest fires on both sides of the river north of Memphis. In Mississippi county, Arkansas, several plantations have been devastated and the tenants left homeless.

Refuse to Indict State Officers.

JACKSON, Miss., Nov. 10.—The Federal grand jury declined by a vote of 15 to 7 to indict the governor, auditor and treasurer of Mississippi for counterfeiting an account of the special state warrants which Chief Hazen and the treasury department outlawed a few weeks since. There has been considerable excitement and feeling over this case, but the action of the grand jury in failing to return a true bill charging these high state officials with counterfeiting is generally indorsed.

Knights of Labor Meet Next Week.

NEW ORLEANS, La., Nov. 10.—A number of delegates to the national Knights of Labor convention, which meets here next Tuesday, have arrived. The usual executive meeting is now being held in advance of the convention to anticipate such business as will probably come up. Mr. Sovereign said beyond a few meetings of advanced committees, whose sessions will be private, no business will be transacted until Tuesday.

Will Be Taken to Supreme Court.

OMAHA, Neb., Nov. 10.—The indications are the gubernatorial question in Nebraska will not be settled until the Supreme court has had an opportunity to pass on the official vote. The complete returns on their face give Holcomb, fusion candidate, 2,500 plurality.

Coxey Polls Nearly 9,000 Votes.

EAST LIVERPOOL, Ohio, Nov. 10.—The official count for the Eighteenth district complete gives Taylor, republican, 20,835; Raff, democrat, 10,006; Coxey, populist, 8,918. Coxey's vote exceeds the estimates of republican and democratic committees by 5,000.

Democratic Congressman in Illinois.

CHICAGO, Nov. 10.—Congressman-elect of the Sixteenth Illinois district is Finis E. Downing. The election of Gen. Kinaker was claimed Thursday, but the official count shows he failed

UTAH CUTS A FIGURE.

May Affect the Complexion of the Next Senate.

WASHINGTON, Nov. 10.—A point that has been overlooked in computing the political complexion of the next senate is the admission of Utah, with two United States senators. As there is about a month from the time the election is held until the Fifty-fourth congress meets there will be ample time to have all the formalities complied with and Utah proclaimed a state in time for its senators and representatives to participate in the organization of the next congress. This would make in all ninety senators and as the next senate now stands the politics of the Utah senators would cut an important figure. Another probability which arises is the admission of both New Mexico and Arizona, which may be accomplished in time so that four more senators would participate in the organization of the next senate. It is therefore quite likely the battle for the control of the senate will yet be fought out in Utah, New Mexico and Arizona next year. The admission of these new states would make a total of ninety-four senators and any party to control would need forty-eight for a majority. With the Vice-President the democrats could control the senate with forty-seven senators.

TWO AWFUL CRIMES.

Farmer Confesses the Killing of a North Dakota Man and His Wife.

FARGO, N. D., Nov. 10.—J. J. Villars has confessed that Tuesday evening he went to the farm of Mrs. Fromer in Montpelier township, Stutsman county, knocked Mrs. Fromer down with a club, beat her into insensibility, assaulted her, threw her into a well in the barn, set the barn on fire and left. The barn burned to the ground, but Mrs. Fromer escaped and crawled on her hands and knees two miles away, where she died after telling her story. Villars confessed another crime. A month ago Mr. Fromer, husband of the woman he murdered, mysteriously disappeared. Villars says he killed Fromer and that his body will be found buried back of the barn.

GOULD-TYLER STORY.

New York Paper States that the Engagement is Not Broken.

NEW YORK, Nov. 10.—The World this morning says gossip is revived concerning the reported engagement of Odette Tyler, the actress to Howard Gould. It will be remembered that the engagement was declared off some months ago, owing, it was said, to Miss Tyler's resenting an objection on the part of the Gould family. Now the rumor is afloat that the engagement was never really broken and that the actress and the millionaire are betrothed as firmly as they ever were.

New Orleans Troubles Ending.

NEW ORLEANS, La., Nov. 10.—The labor trouble on the levee has now reached the first stage of settlement. M. J. Sanders, agent of the West India and Pacific Steamship line, Thursday night applied for and obtained an injunction restraining the officers and members of the Screwmen's association and the and the white Longshoremen's association from interfering with the laborers now discharging his vessels. The order was signed by Judge Pardee of the United States Circuit court and served yesterday morning. It is believed the troubles are about at an end.

Who May Succeed Senator Voorhees?

INDIANAPOLIS, Ind., Nov. 10.—From the complete election returns the republicans have eighty-two members of the lower house, and thirty members of the senate, which gives them a majority of sixty on joint ballot in the legislature. This result most likely means the election of a republican United States senator in 1897 to succeed Daniel W. Voorhees, as the coming legislature will redistrict the state for legislative purposes.

How Missouri Legislature Stands.

JEFFERSON CITY, Mo., Nov. 10.—The results of Tuesday's election bearing upon the next Missouri legislature, as obtained from the most reliable unofficial information, show of the thirty-four senators eighteen will be democrats and sixteen republicans. The house will stand: Democrats, 62; republicans, 76; populists, 2.

Not Credited in Washington.

WASHINGTON, Nov. 10.—The dispatches from Central America stating the United States has given assurance to Guatemala to assist in withstanding the encroachments of Mexico are not credited in official or diplomatic circles.

Powers Urge Peace.

LONDON, Nov. 10.—It is said the powers have urged China to negotiate for a peace directly with Japan and that they have secured Japan's promise to promise to meet the overtures in a benevolent spirit.

Bavaria Against American Cattle.

LONDON, Nov. 10.—A dispatch to the Times from Berlin states that Bavaria has prohibited the importation of American cattle to prevent any evasion of the imperial decree.

Osma's Funeral Saturday.

ST. PETERSBURG, Nov. 10.—The funeral of Emperor Alexander has now been fixed to take place Saturday, Nov. 17. Court mourning in varying degrees has been decreed for a year.

Typhoid Fever Raging at Amherst.

AMHERST, Mass., Nov. 10.—John Pickett Trask, '95, of Amherst college, died of typhoid fever last night. There are several other cases.

JAPS WERE BEATEN
BY THE CHINESE

THE COLLAR WASHERS AT
LAST WIN A FIGHT.

So Say Dispatches From London But It May Be a Canard—Manchooria Panic Stricken by Japanese Success—Torpedoes Laid at Port Arthur—War Tax Levied.

LONDON, Nov. 10.—[Special].—It is now reported that the Chinese have routed the Japanese at Port Arthur.

LONDON, Nov. 10.—A dispatch from Shanghai says: "The panic in Niu-Chwang and throughout Manchuria continues. Numerous country people are arriving at Niu-Chwang and two thirds of the stores have been closed. Chang Chi Tung arrived in Nankin last evening with the remains of the victory of Liang Chang. A war levy of \$3 a head has been imposed in Hang Kow. The people will probably resist it." The Pall Mall Gazette prints a Yokohama dispatch saying that the Japanese are laying torpedoes at Port Arthur, and are in other ways completing the trap which they have been preparing for the Chinese. Mr. Uchida, Japanese charge d'affaires in London, said: "Japan could not accept an answer to her proposals of reforms in Corea the maintenance of a Chinese army in the peninsula. The presence of Chinese troops in Corea meant merely a series of horrors such as are now being perpetrated in Manchuria. Japan never menaced China's integrity. She did not intend to break up the empire, and certainly does not wish others to do so. The height of Japan's ambition is to see China consolidated, freed from corruption, prosperous and open to commerce and civilization."

A later dispatch from Shanghai says that all the missionaries of the Presbyterian church of Ireland who have been working in Manchuria have left the interior and have arrived at Niu-Chwang. Another dispatch from Shanghai says the Japanese have undoubtedly captured Talieu Wan, a short distance north of Port Arthur. The Chinese fleet is reported to have arrived at Wei-Hai-Wei.

SHANGHAI, Nov. 10.—The Chinese army of the north have retreated to the mountains, where the soldiers are reported to be starving and suffering severely from cold and exposure. The Japanese army is reported to be encamped at Feng Wang Cheng. The Japanese are pursuing some 15,000 Chinese, mostly raw recruits. Port Arthur is not expected to make a determined stand against the Japanese. Admiral Sir E. R. Fremantle, in command of the British fleet, considers that Port Arthur will probably be the scene of the last engagement of any importance between the Chinese and Japanese.

Joliet Alderman Expelled.

JOLIET, Ill., Nov. 10.—At a special session of the city council Alderman Andrew Adam was expelled from the council and his immediate arrest ordered. Adam is alderman from the Fifth ward, and is charged with stuffing the city pay rolls. His shortage is over \$17,500. Adam has always been considered honorable, and his family stands high in social circles in Joliet. The police have thus far been unable to locate Mr. Adam and it is believed that he has left the city.

Gilroy to Quit Politics.

NEW YORK, Nov. 10.—It is said that Mayor Gilroy will retire from politics Jan. 1. When he goes out of the mayor's office he will follow the example of Richard Croker and depart from Tammany hall. His experience as receiver of the Mitchell-Vance company several years ago, it is said, proved so satisfactory both to himself and the company that he has been anxious ever since to break away from the political treadmill and turn his attention to business.

Denies That Major Wasson Is Dead.

PORT TOWNSEND, Wash., Nov. 10.—Capt. Andrew Wasson of this city denies the statement that his cousin, Major James R. Wasson, committed suicide in Mexico recently. Capt. Wasson has just received a letter from his cousin, who is soon to sail from San Francisco for Japan.

Flint Glass Manufacturers Meet.

PITTSBURG, Pa., Nov. 10.—At a meeting of the flint glass manufacturers in this city the question of arranging a new schedule of prices was discussed. No information was given out, but another meeting will be held soon. Among those present at the meeting were Charles Boldt of Muncie, Ind.; George M. Lewis of Altoon, Ill.; George W. Yost of Bellair, Ohio; A. W. Young of Youngstown, Ohio.

Prepare to Launch a Silver Party.

DENVER, Colo., Nov. 10.—The silver men of Colorado and other mining states are maturing plans, it is said, for launching a silver party. They will co-operate with the bimetallics of the south and east, and a call will be issued for a meeting to effect an organization.

May Indict the Ex-Manager.

DULUTH, Minn., Nov. 10.—The affairs of the American Loan and Trust company, which went to the wall fifteen months ago, are being investigated by the grand jury, and an attempt will be made to indict J. A. Elder, the ex-manager, now in Chicago.

THE WIND DID BLOW
AND THEY HAD SNOW

ALL OVER THE NORTHWEST-
ERN COUNTRY LAST NIGHT.

Gales Swept the Lakes and Drove Many Vessels to Places of Shelter—Great Damage Done in Connecticut and They Say Worse Weather Is Coming.

CHICAGO, Nov. 10.—Reports from northwestern points show that snow and sleet accompanied by high winds are prevalent. On the lakes the storm drove many vessels to shelter, but little serious damage is reported. Only one life is known to be lost; it is reported from Milwaukee. A scow loaded with brick in tow of the tug Crosby capsized and Frank Leland was drowned. In Detroit and vicinity the storm is severe, extending into the interior of the state. In Minnesota the fall of snow is heavy.

STORMS THROUGH THE WEST.

Winter in Earnest in Minnesota—Blizzards and Blows Elsewhere.

MINNEAPOLIS, Minn., Nov. 10.—Winter has set in in earnest in this state. Snow storms are general all over the state. At Faribault the drifts are four feet deep. At Albert Lea a regular blizzard prevailed last night, at Morris the snowfall was heavy and at Virginia it was six inches deep. At Red Lake Falls the wind is blowing a hurricane.

FAIRBURY, Ill., Nov. 10.—The first cold spell came yesterday morning and prevailed all day. The wind blew a gale and at times was accompanied by snow.

DECATUR, Mich., Nov. 10.—The first snow of the season commenced falling yesterday morning and continued during the day.

BELOIT, Wis., Nov. 10.—A blizzard prevailed all yesterday with the mercury at the freezing point.

ARCOLA, Ill., Nov. 10.—The first snow that has fallen here this year fell yesterday.

DAMAGE GREAT IN CONNECTICUT.

Loss to Telegraph and Telephone Companies Fully \$100,000.

NEW HAVEN, Conn., Nov. 10.—It is almost impossible to describe the damage to wires which has been wrought in the state of Connecticut by Monday's storm. A competent authority places the losses of the telegraph and telephone companies alone at fully \$100,000. In this state more than 8,000 poles have been reported down, most of them having been torn out of the ground without breaking, and 20,000 miles of wire are said to be down. There is yet no eastern communication in the state. Hartford has but two wires and Middletown a single test wire working. Loss to other property was heavy.

Captain Sees Lots of Wreckage.

ALPENA, Mich., Nov. 10.—A north-east gale with snow prevails. The captain of the schooner Jessie Maggie reports he passed through considerable wreckage off Sturgeon Point, half way between this port and Oscoda. The wreckage indicated it had come from a tow barge, but there were no marks on it that would indicate what boat had suffered.

Scow Capsizes, One Man Drowns.

MILWAUKEE, Wis., Nov. 10.—A scow loaded with brick in tow of the tug Crosby capsized about thirty miles off this port at 8 o'clock yesterday morning. A man named Frank Leland, who was on the scow, was drowned by the accident. The scow was loaded with 220,000 brick, all of which will be a total loss. After the Crosby had lost the scow it proceeded on its way and arrived here at 1 o'clock in the afternoon.

Schooner Overdue.

PHILADELPHIA, Nov. 10.—Great alarm is felt in shipping circles concerning the three masted schooner Ida C. Southard, now considerably overdue, en route from Philadelphia to New Orleans with a cargo of 1,000 tons of railroad iron. Its agents are fearful it was sunk in Monday's hurricane.

Worse Weather Predicted.

PORT HURON, Mich., Nov. 10.—A southeast wind blew all yesterday, accompanied by snow. Both United States and Canadian signals are up for a northwest gale with snow and colder and telegrams from Sand Beach indicate the wind has shifted there and is blowing a gale from the point predicted.

FEW CHANGES IN RETURNS.

Republican Majority of 140 in Congress Seems Assured.

WASHINGTON, Nov. 10.—Later congressional returns do not change the result to any great extent. There are still a few districts claimed by the two parties and some will remain unsettled until the contests are passed upon by the next house. The republican committee still claims 256 seats, but on the face of the returns will have 249, as against 99 democrats and 8 populists, the latter including Newlands (silver) of Nevada and five North Carolina members indorsed by the republicans.

How Minnesota Legislature Stands.

ST. PAUL, Minn., Nov. 10.—The legis-

lative returns are all in, the Fifty-fifth being the last and giving a populist senator and two populist and one republican representatives. The legislature stands as follows: House—93 republicans, 2 independent republicans, 9 democrats, 10 populists. Senate—45 republicans, 3 democrats, 6 populists. The republican majority on joint ballot will be 108.

BONDS TO BE ISSUED.

Another Loan of \$50,000,000 Said to Be Arranged.

NEW YORK, Nov. 10.—It is rumored the announcement was made after the close of business yesterday, that the government would be compelled to ask bankers at once for a loan of another \$50,000,000—the second since the beginning of the calendar year. Gold bonds for that amount bearing 5 per cent in interest will be issued within a few days at a price which will net investors about 3 per cent annually. The new loan is said to be the possibility of renewed exports of gold to Europe and by the decline in income under the new Wilson-Gorman tariff act. The news of the proposed bond issue got out on Wall street late in the afternoon and caused a jump and some lively buying on the stock exchange. The news caused a good deal of excitement on the street, although it had been anticipated by insiders for several months.

MAKE ANOTHER RAID.

Cook's Bandits Plunder a Town and Shoot Citizens.

COFFEYVILLE, Kan., Nov. 10.—Two of the Cook gang plundered the town of Lenap, I. T., and left a bloody trail behind them yesterday afternoon. They entered the town in their char acter of bold bandits, without any attempt at concealment, and terrorized the citizens until they had carried out their plans of robbery. E. E. Melton, who attempted to stop them with his gun when they were riding away, was shot and instantly killed. Another man, whose name can not be learned, is reported to have been seriously wounded. A report says the bandits are headed for Coffeyville, which is only fifteen miles from Lenap. This place is the scene of many tragic robberies, and the police department with volunteers are prepared to meet them in the same way they met the Dalton band two years ago, when almost the entire band was wiped out.

IOWA BANK SAFE BLOWN OPEN.

Citizens Held at Bay While a Burglar Does the Work.

GOWRIE, Iowa, Nov. 10.—The safe in the Gowrie bank was blown open at 3 o'clock yesterday morning by two unknown robbers. The explosion awakened some of the citizens, who were afraid to stop the robbers. The chest was drilled and nitro-glycerine put in and exploded, which bent it out of shape. It is not known whether the robbers secured any booty or not, as the door to the steel chest was closed and it can not be opened. The safe contained \$6,000 in money and valuable papers.

May Be a Big Strike.

WHEELING, W. Va., Nov. 10.—In so far as the great national coal strike of last spring was a failure, that failure could be attributed to the action of the miners of West Virginia, who remained at work and supplied coal to almost the entire country. An effort is now being made to induce these men to strike, and the national officers have got them pretty thoroughly organized and have within the last week sent the local leaders out among the miners to secure their promise to stand by the union in case a strike is ordered this month.

Death in a Collapsed Building.

MONTREAL, Que., Nov. 10.—The roof of a seven-story stone building under course of erection at Craig street and Place de Armes fell in with a terrific crash yesterday, killing at least two men and injuring several others. Twenty-five men were at work on the top story when the cave in occurred and they were hurled down amidst a shower of debris composed of broken girders, stone and plaster. The accident was caused by the frost.

Coal Miners Will Not Strike.

PRINCETON, Ill., Nov. 10.—From present indications there will be no strike of the miners at Spring Valley in the immediate future. The resources of the miners were exhausted during the recent strike and they are in no condition to carry on a new strike at this time. The company is equally anxious to prevent one, as they are now entering upon the busiest season of the year.

Tennessee vs. Cotton Seed Trust.

MEMPHIS, Tenn., Nov. 10.—Attorney-General M. R. Patterson has filed suit in the Circuit court against the Valley Oil mill, the Tennessee Cotton Oil company, the Desoto Oil company, the Gayoso Oil company, Crescent Cotton Oil company and the Southern Cotton Oil company, six of the most powerful members of the alleged trust, asking the court to declare their charters forfeited.

Convicted of Murder.

WOODLAND, Cal., Nov. 10.—Salem G. Worden, one of the men charged with having wrecked a Southern Pacific train during the strike in July last, causing the death of Engineer Clarke and four United States soldiers, was yesterday convicted of murder in the first degree. The penalty is death or life imprisonment. The other accused train wreckers will be promptly tried.

BIG DAY FOR FIRES
WAS NOV. 10, 1894

BLAZES RAGED IN MANY
STATES TODAY.

Independence, Mo. Lost a Church; Johnstown, Pa. a Big Singing School, While London People Saw Five Immense Warehouses Go Up in Smoke.

INDEPENDENCE, Mo., Nov. 10.—The Baptist church and a fine residence burned this morning and the loss is \$35,000.

JOHNSTOWN, Pa., Nov. 10.—The hall of the Australian singing society and six dwellings burned this morning. \$40,000.

LONDON, Nov. 10.—Five large warehouses filled with tea, coffee and tobacco went up in smoke this morning and the loss will reach \$1,000,000.

WILL ELEVATE TAMMANY.

Reorganization on a Higher Plane Will Result from Tuesday's Knockout.

WASHINGTON, Nov. 10.—Thomas J. Murray, a prominent Tammany man, has this to say of the lesson taught Tammany last Tuesday:

"This landslide in New York will, after all, prove of benefit to that organization. It will result in the complete reorganization of the society on a higher basis of efficiency, character and integrity of membership than ever before. Leading members of the organization realize that it is necessary to preserve Tammany, and now is the time for young democrats and for the substantial element of the business interest of the city who believe in democracy to join that organization if they expect to rise politically or to extend encouragement to the practical objects of the party. It is realized very largely that a spirit of wantonness has been rampant in the society, and that has injured it. A closer scrutiny than ever will be exercised with regard to the character of men applying for admission, and applicants with the slightest smirch on their reputations will find it difficult to join."

LUMBER COMPANY FAILS.

Schulenberg & Boeckeler of St. Louis Assign with Preferences of \$215,000.

ST. LOUIS, Mo., Nov. 10.—The Schulenberg & Boeckeler Lumber company filed deeds of assignment here yesterday naming C. F. Orthwein assignee for the local interests, with Edward Mallinckrodt as associate. Edward C. Tittman is named as general assignee. The assets are \$600,000, consisting of real estate in St. Louis and lumber lands in Illinois, Wisconsin, Kansas and Missouri. Liabilities are unknown as yet, but preferences for \$315,000 are recorded. Adolph Boeckeler of the firm died in Germany Oct. 27, and the assignment was precipitated by the entanglement consequent upon his decease.

OLNEY MAY RESIGN.

William L. Wilson Suggested for Attorney-General to Succeed Him.

WASHINGTON, Nov. 10.—It is reported that Attorney-General Olney will shortly resign to return to his private law practice, which nets him \$40,000 a year. Mr. Olney's relations with President Cleveland are of the closest character and his intimate friends believe that he has remained in the cabinet thus far at the President's solicitation. In the event of Attorney-General Olney tendering his resignation the possibility is suggested that William L. Wilson might be tendered a seat in the cabinet to succeed him.

ENGLAND REACHING OUT.

Claims the Head of the Chilkoot Inlet, Alaska.

TACOMA, Wash., Nov. 10.—Advices from Alaska are that England has laid claim to the head of the Chilkoot inlet, 400 miles northwest of Juneau and near Mount St. Elias. This claim is made as a result of the international boundary survey work for the purpose of establishing a coaling station there.

A Hayward and C. D. Lane of San Francisco have purchased twenty-one of the richest quartz claims in the Silver Bow basin. The Alaska News of Juneau states it to be one of the biggest mining deals in the history of that country.

Haller Commits Another Murder.

DURANGO, Colo., Nov. 10.—Jesse Haller, who killed Frank Carpenter near Cortez last spring, started out yesterday avowing to kill the entire Carpenter family. He met a brother of Carpenter and a man named Dale, witnesses of the former shooting, and opened fire, killing Carpenter and dangerously wounding Dale. A posse is in pursuit of Haller.

Merchant Robbed of \$1,300.

LANDER, Wyo., Nov. 10.—Three masked men entered E. C. Enderly's store at Thermopolis, covered the proprietor with guns and compelled him to give them \$1,300. Enderly and others pursued the robbers and shot one, who was recognized as Jake Snyder. He will die. The others escaped with most of the plunder.

Incendiary Fire at Fort Wayne.

FORT WAYNE, Ind., Nov. 10.—Kilian Banker's sawmill, near the Nickel Plate railroad, was destroyed by fire yesterday. No insurance. Loss, \$3,000. Firebugs were seen about the building by the police.

CARD WAS AT WORK 168 DAYS IN ALL

EXPERT'S BILL FOR SERVICES
WILL BE \$1,008.

Task Was a Difficult One, He Having To Go Through the Books Of the City Treasurer and Clerk In Addition to the Court and County Records.

It took Expert J. C. Card just one hundred and sixty-eight days to audit the city accounts, going back eight years, from April 17, 1894. The expense of the investigation, so far as known, amounts to \$1,019.47. The salary of the expert amounts to \$1,008, and books to \$11.47, which makes the total expense so far as presented. This shows the city to have made \$9,212.06 by the investigation, for while the work occupied him for one hundred and sixty-eight days, it was not altogether fruitless, as he found that the handsome sum of \$10,331.53 was due the city—\$9,098.04 from ex-Treasurer Murphy; \$1,026.31 from ex-Marshall Hogan; \$83.18 from Marshal Acheson, and \$24 from Officer Kruse.

Mr. Card had a difficult task before him, for he was compelled to examine books and reports not only in the city clerk and city treasurer's office, but also in the several courts and county offices, the work being more of a searching nature than of simply adding up columns of figures.

Besides this sum saved, the lesson has been that it is better that each official be made to render a report of his office at least once a year, and that report be made public, so that taxpayers may have an opportunity of knowing just how the public moneys have been expended.

Mr. Card has gone to his home in La Crosse. While in Janesville he has made many friends, and although his duties placed him in many embarrassing positions, he leaves Janesville with the well wishes of all, they knowing that he simply performed a task which he was employed to perform, and that he made no personal enemies.

IMPERIAL BAND GET NEW HORNS

H. D. Miller, of the Hotel Myers Gives Them Substantial Help.

Every member of the new Imperial band swears by E. D. Miller, of the Hotel Myers. The band wanted a new set of instruments from C. G. Conn's Elkhart, Ind., factory. Mr. Conn is a personal friend of Mr. Miller, so the hotel man went down to Elkhart with Director Kneff, of the band, and the result was they got the instruments at a great reduction by Mr. Miller's going security for them. In addition to this he paid his own expenses and donated ten dollars beside. The instrument consist of one Bb clarinet, two Bb cornets, three altos, two tenors, one Bb baritone, two slide trombones, one Eb bass; one Bb bass and one bass drum. They would cost \$645 ordinarily, but Mr. Miller made it possible to get them for \$562.50 delivered in Janesville next Friday on a six day's trial, and in addition the old instruments are taken in part payment.

MR. FETHERS SPOKE AT MILWAUKEE

The Janesville Man Took Part in the Big Jollification.

Ogden B. Fethers was one of the speakers at the big republican jollification at Milwaukee last night. He said: "The people of our country have spoken, and Grover has pinned a wet blanket around the cage of the cuckoo (laughter) and the grand old party has again assisted the people to their rights. The people of our state have chosen between the man who signed the roster contract and the man against whom the democratic party waged a war as baseless as it was cruel. Never again shall the party of beggary, of riot and assassination of character usurp power. The people have ordained that the country shall resume its march of progress." The speaker alluded to the patriotic and industrial record of the republican party, and spoke of the names of McKinley, Thomas B. Reed and Blaine. He expressed gratitude to the protection democrats

who had voted with the republicans. "We welcome to our ranks," he said, "these noble men who voted with us for the country against the world. We extend our lines to give them place."

LECTURE COURSE PLANS MADE.

The Peoples Series Will Be All That Can Be Asked.

The management of the People's Lecture Course have completed all the arrangements for this year's course and feel confident that the talent engaged warrant them in claiming that the course this season will surpass all former ones. No attractions have been secured that the committee do not know of personally, and therefore they are in a position to know whereof they speak. There has been one change in the character of the entertainment; heretofore the course has contained three lectures and two concerts, but this year it was thought advisable to have four lectures and one concert, the concert to be the finest attraction on the road. The price for the course tickets will be the same as in the past years—one dollar.

The course opens on November 30th with the Mme. Decca Grand Concert Company, comprising Mme. Marie Decca, prima donna soprano; Miss Clara Murray, harpist, Charles D'Almeida, violinist, and Grant Weber, pianist. It is seldom that such an array of talent is found in one organization, and it was with difficulty that the lecture course management secured them to open this year's course.

Maria Decca is one of the very few American ladies who have received marked attention from musical circles abroad, she having won the highest praises both in England and on the continent. Mrs. Murray and Charles D'Almeida were both on last year's course and the commendation they received at that time warrants a hearty reception this year.

On December 11, Colonel George W. Rain, of Kentucky, will give the second entertainment of the series. Russell H. Conwell, in speaking of him, says: "Probably he is the wisest known of any lecturer of today and is a popular orator in its most attractive sense," while Miss Francis Willard says of him: "Unequaled in humor he is also unapproachable in pathos of logic."

Dr. A. A. Willits, whose lecture on "Sunshine" two years ago, will never be forgotten, has been secured again for this year and will deliver a new lecture on January 24. While Dr. Willits has been on the platform for over a quarter of a century, he is apparently as vivacious as ever, and he certainly never was more popular.

So many requests have been made to hear Thomas Dixon, Jr., of Brooklyn, who lectured here last year on "Backbone," that the management have closed a contract with him to deliver another lecture here on February 15.

The course will close the year with an extraordinary attraction in the shape of John Temple Graves, a man who since the death of the lamented Henry W. Grady of Georgia, more thoroughly represents the new south than any man living. The Madison Journal in speaking of his lecture at the Monona Lake Assembly this last summer, says: "It is doubtful if John Temple Graves ever received a greater ovation in his life than was given him here today in the capitol of Wisconsin." Henry Waterson says of him: "He is the most eloquent southerner of today," and the New York World editorially, says: "Georgia has produced many silver-tongued orators, but none more captivating and effective than John Temple Graves, whose eloquence and brilliant wit have charmed New York."

With five such attractions as the above for one dollar, no one can put forward the idea that the People's Lecture Course is a money-making concern. The city will be canvassed thoroughly commencing next week for the sale of tickets, it being the purpose of the committee to reach just as many people as possible with this year's course, so be ready for them when they call.

Some More Tables.

Our table sale was a success, our easel sale was a success, our rocking chair sale was a success. In fact everything we attempt to sell goes like water running off a duck's back. The reason is, we name prices that are trade winners, nobody can resist them, even our competitors buy from us at our sale prices. We have had so many calls for that solid oak polished center table we sold two weeks ago for \$2.30 each that we have searched around and found 50 more. They will be on sale Monday morning at \$2.30 each. Sale lasts one week. Frank D. Kimball.

Sale of Hardware Stock.

Notice is hereby given that I will offer for sale and sell at public auction to the highest bidder on Tuesday, November 13, 1894, at 10 o'clock in the forenoon, at the store of Holloway & Johnson on South River street, their stock of hardware, stoves, fixtures, tinners tools etc., as a whole, reserving the right to reject all bids if they are not satisfactory. November 9, 1894. CHAS. C. RUSSELL, Assignee.

Important Facts.

If you have dull and heavy pain across forehead and about the eyes; if the nostrils are frequently stopped and followed up by a disagreeable discharge; if soreness in the nose and bleeding from the nostrils is often experienced; if you are very sensitive to cold in the head accompanied with headache; then you may be sure you have catarrh; and should (immediately) resort to Ely's Cream Balm for a cure. The remedy will give instant relief.

GEN. RUGER DID NOT GET A PROMOTION

GEN. ALEXANDER MCCOOK THE LUCKY MAN.

The Latter Will Be Retired Under the Age Limit On April 22, 1895, However, So General Ruger's Elevation Is Only a Question Of a Few Months.

General Thomas Howard Ruger will not command the United States troops at Chicago, although he had every reason to believe that he would. General Alexander McDowell McCook is the lucky man, he being promoted from the fourth on the list of brigadier generals to the major generalcy vacated by Major General O. O. Howard's retirement. He will not have long to enjoy his honors, as he will be retired under the longevity act April 22, 1895, having attained at that time to the age of sixty-four years. This will result in his succession by General Ruger in a short time anyway. General McCook was peculiarly fortunate in receiving the appointment over General Ruger, who stands at the head of the list of brigadier generals, because he would otherwise retire in a few months with the rank of brigadier general.

By the same order that promoted General McCook, Colonel J. W. Forsyth was given a brigadier general's commission. In the natural order Gen. Forsyth would take his place as commander of the department of the Missouri, but as the junior brigadier general he may yield this command to Gen. Ruger, should the latter, as is expected, prove to change from the department of California.

SISTERS' FAIR IS NOW OPEN.

An Elaborate Array of Articles Have Been Placed on Sale.

The annual fair of the sisters of St. Joseph's convent was opened at the Armory last night with a goodly attendance. They had a large and elaborate display of articles to be disposed of during the next week and there is much enjoyment in store for the patrons. Professor Huyke's orchestra provided some well rendered concert selections during the evening, which were fully appreciated. The public is invited to be present.

Y. M. C. A. BAND IS ADVANCING

They Will Be Able to Do Much Good for the Cause.

The new brass band organized in the Y. M. C. A. is advancing rapidly and by the time the new building is ready for occupancy, at the present rate of progress they will command an equal standing among the best bands of the northwest. The constitution and by-laws adopted put the organization on a solid basis for permanent usefulness to the Y. M. C. A. and the citizens of Janesville who desire a band that will furnish the highest grade of music for entertainments and concerts work. For the past three months the members have constantly and quietly been laboring with the thought that no announcement of this organization would be made until all members were satisfied with the foundation work, and when a public engagement could be accepted with credit to all concerned. The members are nearly all old musicians and it is the purpose to practically prove their worthiness by the quality of music rendered and the character of the organization. It will be known as the Y. M. C. A. Band, and its business office will be situated in the rooms of the Y. M. C. A.

SOME THINGS ABOUT NEWSPAPERS

Pay Everyone But the Scribe.

A retiring newspaper man gives this philosophical reason for quitting the business: A child is born, the doctor in attendance gets \$10, the editor notes it and gets 0; it is christened, the minister gets \$4, the editor writes it up and gets 00; it marries, the minister gets another fee, the editor gets a piece of cake or 000; in a course of time it dies, the doctor gets from \$5 to \$10, the minister gets another \$4, the minister gets \$25 to \$50—the editor publishes it and receives 0000—and the privilege of running free of charge a card of thanks.

Some Fresh Chestnuts.

It is a pity that advertising, like kissing, should ever go by favor. The merchant is under no obligation to advertise in or support his local paper. How absurd it would be to go into a grocery store and say: "You are doing a noble work, and should be sustained; gimme a pound of sugar." Advertising, like everything else, should stand squarely on its own merits.

How to Run a Paper.

There are several ways to run a newspaper, but the best way is told in the following: A western editor once invited correspondence as to the best way to conduct his paper, and the man who hit the nail squarely on the head, replied anonymously, on a postal card: "Run it as you d— please."

JAMES GARDNER SURPRISED.

Party of Friends Walk Into His Home With a Chair.

James Gardner was pleasantly surprised last evening when a large number of friends called at his home, 13 Milton avenue, for the purpose of spending a few hours in a social manner. The party was composed of ladies and gentlemen and were most pleasantly entertained by Mr. and Mrs. Gardner. A handsome rocking chair was presented to Mr. Gardner by the party as a token of their esteem.

A physician has brought out a novelty which consists of applying a rubber heel to walking boots, by which means the force expended in planting the foot on the ground is utilized to assist in progression of the wearer. According to the doctor's theory the harder a man brings his heel down upon the pavement the easier will he walk.

Misery After Meals.

The oppressive embargoes levied upon the inner man by his inveterate enemy, dyspepsia, after meals, are lifted and the yoke cast off by that sovereign medical liberator from bodily ailments, Hostetter's Stomach Bitters. Heartburn, flatulency, oppression at the pit of the stomach, the presence of bile where it does not belong, are alike remedied by this potent reformer of a disordered condition of the gastric organ and the liver. It is the prince of tonics and stomachics, invigorating at the same time that it remedies. Both appetite and sleep are improved by it. A wineglass before or after meals, and before retiring, will be found an efficient restorative of the ability to digest and assimilate and rest tranquilly. Use it for malaria, kidney and rheumatic trouble and for constipation. For the aged and infirm it is highly beneficial.

BABE FOUND DYING OUT IN THE YARD.

SAD ACCIDENT IN THE TOWN OF SPRING VALLEY.

With His Tender Skull Cleft Mrs. Abe Nipple Found Her Little Two Year Old Son Beside the Family Horse—Death Came Despite the Doctor's Care.

With his skull crushed in and with but a scant allowance of life left in his little body, a two year old son of Mr. and Mrs. Abe Nipple, of Spring Valley, was found lying unconscious in the yard by the mother who had gone to look for her babe. A message was at once sent for a physician, but the injury to the brain was so great that although medical assistance was rendered as soon as possible, it was of no avail, and the child died during the afternoon. The funeral services were held in the Lutheran church in Orford.

How the child received so fearful a wound was not known but he was playing out of doors, and the horse which is very gentle and a family pet was loose in the yard. It is surmised that the child went too near when the horse was rolling and that an iron shed hoof came in contact with his tender skull and cleft it like pasteboard.

NEW LITERARY-MUSICAL SOCIETY.

The First Meeting Will Be Held November 14 at the Congregational Church.

The Janesville Literary-Musical Society will hold its first recital on Wednesday evening, November 13, at 7:30 o'clock, in the parlors of the Congregational church. The purpose of the society is the study of the art and science of music as represented by the great masters, and the first evening will be devoted to the work of Bach. The programme will consist of literary and musical numbers, both vocal and instrumental. W. M. Derthick, of Chicago, president of the union association will be present and add to the interest of the meeting.

SCHILLER.

THE PEOPLES PARTY

One of the gratifying results of the late election, is the fact that the popularity of the people's party is on the wane, and to such an extent that the element will not enter into the presidential campaign of 1896, to any alarming extent.

It has long been apparent to the man of average intelligence, that this party of wheels and theories must speedily reach the zenith of its popularity and like the greenback and similar parties of the mushroom growth, its destiny will never be realized.

It is not at all strange that in Dakota and Kansas, and some of the far western states, where nature seems to conspire to defeat the energy and ambition of the inhabitants, that the time that would be devoted to tilling the soil, if it yielded any results, is given up to developing a cob web theory having for the ultimatum government aid and support to struggling and unfortunate humanity.

Neither is it a matter of wonder that in the large cities, where thousands and tens of thousands of idle men eke out a miserable existence year after year, that the seeds of discontent find a responsive soil, and socialism, anarchy and general dissatisfaction rally to the support of the populist party. The combination of these two elements, the "People and the Populist" is one of the unaccountable freaks that could only end in defeat and final demolition.

It is a matter of extreme satisfaction to note that the great tide of humanity that constitute the muscle and labor of the country, is loyal to the welfare of the nation. Grave fears were entertained during the reign of terror last summer, that the Debs movement would result in such widespread dissatisfaction as to materially strengthen the new political party, but the result of the vote last Tuesday, demonstrates that these fears were groundless, and that the rank and file that constitute the great army of American producers can be relied upon in an emergency.

The people's party has accomplished its mission with but little to exhibit in the way of results.

NEW NEEDLEWORK.

Dainty bags are often made to be tied or pinned to the stuffed arm of a chair, and are useful for holding newspapers or work.

The newest covers for small tables are provided with fancy pockets hanging at the sides and at the ends for holding books, work and other things.

A beautiful "slumber roll" for the back of a chair can be made of cut work—an exact copy of the real old work—mounted over geranium colored satin.

Upon curtains the principal part of the embroidery is now placed upon the turnover portion of the top. This has much the effect of a valance when effectively worked.

One of the newest drawing room pin-cushions is in the form of a huge butterfly, the wings being made of a lace-like network made in crochet with colored thread.

The newest bedspreads are made of colored linen of two colors, say pale pink and grayish green. These are used in alternate hexagons and small squares embroidered with white.

The newest chair cushions are provided with a frill along three sides only. The plain side rests against the seat of the chair, the other three upon the top and sides of the back.

The soutache embroidery is still in high popular favor, and the colored braids are pretty and tempting as ever. Trimmings can be made in this work for linen coats and Eton jackets.

The new "bed-drapes" are receiving much attention at the hands of industrious workers. They are made to match the spread, and when handsomely embroidered, take off much of the bare appearance of an ordinary brass or iron bedstead.

Charming photograph frames are to be made of Algerian linen worked with soft cotton and gold thread. The design usually represents still and conventional flowers worked in Oriental stitch, and the background is sprinkled with tiny gray spangles.

Mrs. WILLIAM ROBERTS, Bridgeport, N. Y., writes: "If I had not taken your Medicine, I would not be here now. The doctors did me no good. I was just a mere skeleton, could not eat, I would have awful pain in my stomach—pain in my side, bowels and chest; sickness in my back and womb; was weak, nervous, and could not sleep. After I took your 'Favorite Prescription' and 'Golden Medical Discovery,' I commenced to improve. In two weeks could walk about the house—could eat—did not have any more pain in my stomach—threw Mrs. ROBERTS away my morphia powders. When I first commenced taking the medicine it made me feel worse. I was hoarse, could not speak aloud for three days; as I got better my pains and bad feelings left me and I could sleep good; my nerves got better. Before I took your medicine I kept my bed four months—got worse all the while. I am now quite fleshy and can work all day."

Business Increasing = = =

Another new salesman goes to work for us this morning—Mr. Patrick Dugan. We now have five salesmen busy all day long and way into the night. The greatest number in any other store in the city is two and a boy. We are selling the shoes now being sold in Janesville. We will continue to sell them. We pay spot cash—we will start a shoe factory if necessary. And if necessary we will move to Aurora. We have the money and ability to buy and sell more goods than both of our friends combined.

Come on, gentlemen; don't hesitate, don't lay down, trot us a heat. We like it, don't you?

Any time anyone, whether a retailer or a proprietor of a small shoe factory, wants to take issue with us, we invite them to sail in. We're open for a date. These prices on Rubbers cannot be duplicated by any wholesale house, let alone

The Size You Want:

For medium, large parlor, and cook stoves use the 10-inch. For extra large stoves in school houses, churches, etc., use the 12-inch. For heating upper rooms, where pipe passes through the floor, the Parlor Drum.

It has been tested on ten thousand stoves, ranges and furnaces in dwellings, stores, shops, factories, school houses and churches, and fully establish all claims made for it as a fuel-saver, heat-conservator, and spark-arrester. It will save one-fourth to one-half of any kind of fuel, on any kind of stove, and give more heat. It increases the heating by retarding the current of heat, and increasing the radiating surface, thus utilizing much heat that usually escapes through the chimney. It can be regulated to the draught of all stoves, weather or atmosphere. It is simple in construction and durable. It is worth double its cost as a spark arrester.

Save Many Times Its Cost In Fuel.

WARRANT.

The Return-Flue Self-Cleaning Damper is warranted to save 25 to 50 per cent. of fuel and make more heat in any kind of stove. If, after ten days' trial, it does not prove this warrant, the Damper will be taken back and money refunded.

CURRENT HAPPENINGS IN AND ABOUT TOWN.

With No Waste of Fine Language;
With no Waste of Valuable Time,
'Tis Put in Terse, Pithy Para-
graphs, or Perhaps 'Tis Condensed
in a Line.

HEAVY is the sorrow that hangs on Michael Goodman. He arrived from Chicago last night with the remains of his sister, and when he got here received a letter saying that his son, who was severely burned last summer while playing with matches, was in a precarious condition. He was sent to a hospital in Chicago and blood poisoning having set in, there is no hope of his recovery.

THE other clothing merchants are kicking because we are selling so cheap; they say "they cannot make anything." We are sorry, boys, but we can't help it, we are making a little money, and because we buy so much cheaper, you should not blame us. Prices have not gone as low as they will. T. J. Ziegler.

"THE Prodigal Father" apparently pleased a large audience at the Myers' Grand last night. It is a very good farce comedy and when in the hands of a high grade company it would be a high grade production. As it was last night, the entertainment was a tolerably good one, but as for raving over it, that's another story.

THE low prices we are making on many lines of dress goods is creating quite a business in this department. For a very small cost you can buy material for a dress for yourself or the children that a few months ago you would not have thought possible could be bought so low. Archie Reid & Co.

ONE of our customers lost the top of a Masonic scarf pin. There was a small diamond in it. Thinks it was lost somewhere on Main street, between Wheeler street and the Myers House. Finder can get a reward by returning to us. A. F. Hall & Co., "the reliable jewelers."

CARL A. PALMER has resigned his position as foreman of the Chicago & Northwestern shops in this city, and is succeeded by M. Whalen, of Chicago. Mr. Whalen arrived in the city yesterday and assumed charge of the round house and shops, Master Mechanic John Heath being with him.

MORE silver for your money than your money weighs! It is hard to see who makes the profit on the spoons shown by A. F. Hall & Co. "the reliable jewelers" in their Milwaukee Street show window. One thing is certain they are bargains for the buyers.

A STOVE without fuel is the subject of an advertisement of Spicer Brothers in this issue. They have invented a device to attach to a stove which saves and utilizes all the heat. The full particulars are explained on the 4th page.

A RECEPTION was tendered last evening to Rev. O. Quale, the new minister of the Norwegian Lutheran church, at the home of C. C. Peterson, 102 Cherry street last evening and many parishioners took advantage of the opportunity to meet the new pastor.

OUR customers tell us everyday the prices they have always paid in the block for the Goodyear glove goods. They come in and say why we paid \$1.00 for this rubber and it is exactly the same as you ask 80 cents for. Brown Bros. & Lincoln.

If you think you are doing yourself justice by buying a cloak before you see the fine line of samples we have on hand and hear the prices named, you are mistaken, as we bought low and are selling low. T. P. Burns.

KOMBI will do the work the best of anything yet invented, very neat, accurate and cheap, always ready for business, all you need do is point it at a person and the work is done. See samples at F. C. Cook & Co's. jewelry store.

THERE will be a republican rally a Patron of Husbandry hall, Milton Junction, Monday evening, at 7:30. Good music and good speakers. Everybody invited.

LOOK out; don't take any substitute for the Goodyear glove storm rubbers; you might as well have the best. We sell them for fifty cents. Brown Bros. & Lincoln.

REV. A. W. GOULD, secretary of the Western Unitarian conference, will occupy the pulpit of All Souls church next Sunday morning at 10:30 o'clock.

OUR credit prices are as low as our cash prices, and both beat any other place in the city. We sell both ways, cash or credit. Frank D. Kimball.

ALTHOUGH stormy we were busy all day. Our special sale of suits, overcoats and Irish frieze ulsters at \$10 is attracting attention. T. J. Ziegler.

THERE is no way of getting at the facts about our prices on sleighs except to call and ask. "We'll do the rest." Janesville Carriage Works.

SMITH & PIERCE have formed a partnership with A. W. Dibble, of Evansville, and one of the members of the firm will go there once a week.

MRS. O. E. GUERNSEY and daughter who have been visiting Mr. and Mrs. C. E. Bowles returned to their home in Dubuque, Iowa, today.

You need not leave this block to find a cork sole shoe for \$3 that is not actually as good as our \$2.50 cork sole. Lloyd & Son.

AND those sample cloaks are the best bargains ever offered in the city. We bought them very cheap and so do you. T. P. Burns.

LADIES hose supporters, 25 cents a pair same as the dry goods stores charge 50 cents a pair. The Hub, 103 W. Milwaukee.

HUGH WARD, of the Chicago police force, a brother-in-law of Mrs. Edward Ward, attended the burial services of the latter today.

If this snow keeps up and it gets colder, we can all sleigh ride, remember we have the sleighs. Janesville Carriage Works.

You don't need but a little money to trade at Kimball's. Just enough for a small payment; the balance on your own time.

HON. H. C. FURNAN, senator elect, will go to Hot Springs, Ark., where he will spend a few weeks in rest and recreation.

THE Light Infantry will give their fifth annual masquerade at the Armory November 22. The public is invited.

GREAT reduction sale now in progress at Bort, Bailey & Co., they intend to more. Goods are being knifed.

R. Hudnut's Preparations For the Skin. It is in the power of all women to become, not beautiful, but really good looking, by judicious care of the person. No investment yields so satisfactory returns as the time spent upon the toilet.

What added charm to female loveliness is that air of being well groomed! This, together with a clear, fine skin, will give to almost any woman a thoroughly distinguished appearance.

The importance of a careful choice of preparation for beautifying and preserving the skin cannot be over-estimated, when it is considered that even a few applications of an injurious or poisonous wash, powder or paste may be productive of permanent harm.

The business of preparing so-called skin beautifiers and cosmetics has been hitherto monopolized for the most part by ignorant pretenders, who have sought to market their wares by cunningly worded advertisements and testimonials, either purchased outright or obtained by working upon the credulity of the authors.

Chemical analysis and the unfortunate results ensuing from the use of the majority of such articles have alike demonstrated their harmful character. The necessity for something better has turned the light of scientific investigation in this direction and it has been proven that preparations can be made which, perfectly innocent in themselves, have the property of healing, preserving and beautifying the covering of the human form.

To adapt the materials at hand to their proper use, to refine, prepare and combine them can only be accomplished by the skill of competent Chemists, who have been able to give years of study on the subject.

In this way the R. Hudnut Toilet Preparations have gradually been invented and produced as the result of original and patient investigation. They are entirely different from any of the articles now sold for complexion, and in point of absolute excellence leave nothing to be desired.

EVANSVILLE PHYSICIANS MODEST Editor Libby Complains That They Do Not Give Up News.

Editor Libby of the Evansville Enterprise says "Some of our physicians are so reserve or sensitive about giving us a report of the sick under their care that we sometimes get discouraged in trying to get this report for our readers, for we see no reason for this reserve on their part in a matter of such vital importance to the relatives and friends of the sick, not only here at home but in distant places where they depend almost wholly for this news through their home local newspapers and many times become first warned of a relative of friends sickness and death through this medium and we can only look upon it as too much false modesty on the part of our physicians to be so reserve in giving us this news as to at times not only almost deny us any report whatever but make us feel that we are an intruder instead of honestly seeking that which all ought and are anxious to know and when we get the facts from the physician in attendance they are more sure to be correct and better for all concerned."

"We hope that our physicians will look at this matter in the same light with us and save many false and exaggerated reports which often get circulated, by hearsay, because the physician refuses or neglects to give us the facts or true state of affairs it should be understood that it is a part of our duty to publish such material and when we apply to headquarters for the facts and are refused or made to feel that we are intruders and unwelcome we are obliged to resort to the next best source for information and are not to be blamed if we do not always get them as correct as they should be."

A. W. FULLER'S HAND LAID OPEN.

Employee of the Chair Company Was Painfully Hurt Yesterday.

Andrew W. Fuller's right hand was badly cut yesterday by coming in contact with a buzz saw at the Janesville Chair Manufacturing Company's plant. The saw struck the palm, cutting it wide open clear back to the base of the thumb. The cut is a serious one, and may yet result in amputation of the hand. He resides with his brother, at the corner of Frederick street and Hamilton avenue. Dr. Palmer attended him.

One Sacred Hour.

One sacred hour with thee alone;
Think you I could forget
The rapture of those kisses warm;
I feel their presence yet
Oh bliss! Oh love! with thee, with thee,
So perfect are thy charms;
I thank God that he has left
Thee, safe within my arms.

Though I may never know again
A being pure like unto thee;
I still am blest with thoughts so sweet,
Of happiness, thou didst bring to me.
One short yet perfect hour.
Like a dream it fled away,
Leaving sweetest memories
That will with me forever stay.

WAILING OF WAIFS MADE SAD SOUNDS

TOUCHING SCENE AT THE ST. PAUL DEPOT.

Two Disowned Babes the Charge Of Rev. William Woodmansee, Agent Of the Children's Home Society Of Wisconsin—One Was the Child Left at Wm. Schultz' Door.

"Wee-wee-g-h!"
"Sh! sh! sh! There! there! there! Bye! bye! bye! sh! sh! sh!"

This was the dialogue that people heard at the St. Paul depot just before the 5 o'clock train left yesterday afternoon. A tall, ministerial looking man, whose breast pocket bulged out with a nursing bottle, was cradling and soothing a wailing babe by pats and small talk as he walked up and down the floor; while a flaxen haired little boy hung to his coat tail.

Rev. William Woodmansee, of Milwaukee, was the man, and the work he was doing was worthy of his title.

The babe that he was pacifying was the little waif, homeless and lonesome that was left on the doorstep of William Schultz' Second ward home some days ago, and the reverend gentleman was taking it to the home of its adoption, La Crosse, where a family was found who wanted it. The infant had been kept at the poor house since it was found by Mr. Schultz and it was there that Mr. Woodmansee had gone for it. He is the assistant superintendent of the Children's Home Society of Wisconsin whose headquarters are at Milwaukee. The society is not an institution and has no building. They find it cheaper to board children temporarily in private families. It is a kind of clearing house that finds little friendless children, and as quickly as possible, places them in carefully selected christian families; first on trial, then when both parties are satisfied, by adoption or contract. The agents of this society have found homes for over 250 children already, and are now placing about a child every other day and the work is rapidly enlarging.

Mr. Woodmansee brought a little girl to Evansville from Milwaukee on his way here, and had a little boy a year and a half old with him, in addition to the Janesville waif, who who was to be adopted at Negaunee, Wisconsin.

ANSWERED THE LAST CALL.

Catherine Goodman, sister of Michael Goodman of this city died at Chicago, Thursday morning of cancer of the liver, aged 32 years. She leaves a father, mother, two brothers and three sisters—Michael, Patrick and Bridget Goodman of this city, Mrs. Mary Andrews of Koshkonong, and Mrs. Alice Flemming of Milwaukee. The remains arrived on the accommodation last night from Chicago. Funeral services, conducted by Dean E. M. McGinnity, were held from St. Patrick's church at 2:30 o'clock this afternoon, after which the remains were buried in Mount Olivet.

Henry Graham.

Henry Graham formerly of Janesville and who has lived in Winnebago county for over a half a century, died Thursday afternoon at his home near Rockford. Mr. Graham had been twice married. His first marriage took place in Janesville, in May, 1850, when Melissa J. Shurtleff, of Beloit, Wis., became his wife. She died in 1856, of consumption and her two children, a son and daughter, died of the same disease when quite young.

Mrs. Edward Ward.

The remains of Mrs. Edward Ward of Chicago arrived in the city at 1:25 this morning, and were taken to the home of Mrs. James Ennis, Cherry street, a sister of Mr. Ward, where they remained until 9 o'clock this morning, when they were taken to Albany for interment. The pall bearers were six brothers of the deceased Charles, James, Timothy, Patrick and William Keegan of Chicago, and Frank Keegan of this city.

A Whole Broadside of Bargains!

WE WANT OUR FRIENDS TO KEEP THIS IN MIND. We are leading the Dry Goods business with the lowest prices and the best bargains and the most determined efforts to beat all prices made. We will not dodge on prices. We will not hide our efforts in a vague uncertain manner, and juggle our prices and cover up our meaning so that you cannot tell whether you are getting bargains or not. But we will come right out squarely every time and let unequivocal figures tell our story. In order to clean up a pile of stuff before we move we will place on sale a whole broadside of Bargains.

10 0 pieces 50c and 60c Dress Goods, including serges, henriettas, flannels, homespun, novelties. All to go at

45c

67½c

87½c

You have started to trade with us. We will take care of you. We will always sell you the cheapest.

WHY ARE WE MAKING SUCH LOW FIGURES?

Because we own our own entire stock lower than any other merchant in this city and can afford to do it. The great bulk of our stock has been bought within the past few months, for cash, and bought cheap. We are in position to sell dry goods cheaper than any merchant who is cumbered with piles of goods bought at higher prices in times when goods were high. We want to double our business and the way we propose to do it is to always make our prices lower than any other firm. Come to us, we never dodge. We never juggle our prices and cover up our meaning. We want you to go with us when we move.

Fifteen species of American wood, when perfectly seasoned, will sink in water.

Most of American slate is quarried in Eastern Pennsylvania and New England.

The word "mugwump" occurs several times in Eliot's translation of the bible. In that book it signifies a great chief.

Nearly every pineapple farm of Florida is provided with some sort of water transportation—sailboat, rowboat or naphtha launch.

An Ashland, Wis., photographer has been arrested for the novel offense of stealing electricity. By means of an ingenious arrangement he is said to have tapped the wires for his own electric lights.

A classical helmeted bust in marble by Horatio Greenough has been given to the art institution of Chicago by Miss Elizabeth H. Bartol of Boston. It is called "Abdiel," after an archangel in Milton's heavenly choir.

An Auburn girl, having no gentleman callers, stuffed a suit of her brother's clothes and put it in a hammock, with one foot hanging gracefully over the side. A sudden irritation of girl callers revealed the idiotic deception, and she is the laughing stock of the town.

New Arrival, at White mountains—Well, I escaped the heat of the city. Terrible weather they have been having there, I see. Friend—Yes, they have, and how do you like the White mountains? "Well—er, I don't like a summer resort where you have to sit by the fire."

Many persons dispute the question as to whether or not to dress caused either by disease or neglect can be cured. In deciding the question allow us to say that most cases can be cured, while others can not. Only a specialist of years of experience can tell this. Professor Birkholz, the world-renowned German specialist of the Mosaic Temple, Chicago, where those who desire a good head of hair or beard can consult him in private, and free of charge. After a thorough examination, which costs you nothing, we will tell you whether or not you may procure that trait of personal adornment so necessary to your existence, and if we find that the follicles are not all dead, we will treat you and guarantee the results or ask no pay. Call on or address Professor Birkholz, 1011 Masonic Temple, Chicago, Ill.

Tiffany a Lively Place.

TIFFANY, Nov. 9.—This has been a very lively week at Tiffany. Large quantities of grain, hogs and corn have been shipped. W. H. Howard has received several carloads of cattle which were taken to his farm for feeding the coming winter. The few democrats that we have in town have been awful quiet since election. D. M. Spicer is laid up with a large boil on his arm. E. W. Kemmerer is unloading a carload of feed from Minneapolis. The creamery is showing a steady gain in its supply of milk. James Haggart and son have gone to New York being called there by the death of Mrs. Haggart's sister. J. A. Chamberlain has his saw mill nearly ready for business. Our tank factory is turning out a large number of tanks. George Dean is on the sick list. Chamberlain & Day do everything in the blacksmith and wagon work line. Give them a call.

A VETERAN'S VERDICT.

The War is Over. A Well-known Soldier, Correspondent and Journalist Makes a Disclosure.

Indiana contributed her thousands of brave soldiers to the war, and no state bears a better record in that respect than it does. In literature it is rapidly acquiring an enviable place. In war and literature Solomon Yewell, well known as a writer as "Sol," has won an honorable position. During the late war he was a member of Co. M, 2d N. Y. Cavalry and of the 13th Indiana Infantry Volunteers. Regarding an important circumstance he writes as follows: "Several of us old veterans here are using Dr. Miles' Restorative Nervine, Heart Cure and Nerve and Liver Pills, all of them giving splendid satisfaction. In fact, we have never used remedies that compare with them. Of the Pills we must say they are the best combination of the qualities required in a preparation of their nature we have ever known. We have none but words of praise for them. They are the outgrowth of a new principle in medicine, and tone up the system wonderfully. We say to all, try these remedies."—Solomon Yewell, Marion, Ind., Dec. 5, 1892.

AMEER OF AFGHANISTAN.

The Ruler Whose Death May Mean Much to Europe.

About three months ago a visit which the ameer of Afghanistan was to make to Queen Victoria early in the spring was arranged by Sir Mortimer Durand. This would no doubt have a political significance, and would tend to make it still more difficult for Russia to push forward her boundaries in his direction. So long as Afghanistan remains independent, it is practically impossible for England and Russia to make any additions in that region. The ameer's death would tend to bring about complications that might result in war between the two powers. Afghanistan, too, would be apt to suffer, for Abdurrahman Khan has been most liberal in his policy and most earnest in his reforms for the people. He has opened large factories in Cabul, where the people are taught European trades; and it is due to his personal influence that the hate of the

Afghans to the Europeans at Cabul is suppressed. The ameer is about 60 years old, and was given the title July 22, 1880.

The Official Records, Showing the Best Baking Powder.

The United States Government, after elaborate tests, reports the **Royal Baking Powder** a pure cream of tartar powder of greater leavening strength than any other.

—Bulletin 13, U. S. Ag. Dep., p. 599.

The Canadian Official Tests, recently made, show the **Royal Baking Powder** highest of all in leavening strength.

—Bulletin 10, p. 16, Inland Rev. Dep.

The **Royal Baking Powder** is superior in regard to purity, leavening power and keeping qualities.

—Geo. S. Cox, State Chemist, Wisconsin.

Hence, in practical use,

The **Royal Baking Powder** goes further, makes purer and more perfect food than any other.

LOVELY LITTLE MAIDEN.

She Comes from Japan and Likes Our Country Much.

Miss Shids Mori is a Japanese student at Radcliffe college. Her father is a wealthy banker of Yanagawa, Kiushu, Japan, and all the family are devoted Christians. Miss Mori has come to this country to fit herself by study for missionary work in her native country. "I came over," she says, "with Mr. and Mrs. Davis, who are missionaries to Japan, sent out by the Methodist church. My father was converted and baptized into the Presbyterian church, and I was educated in Japan in a mission school directed by the Congregationalists. I do not think the denomination makes any difference. All I care for is the Christian church at large, and so I do not pay any attention at all to the differences in the creeds. Mr. Davis was settled about fifty miles—that is,

about eighty or your miles—from my home, and I went to their home and lived there for a little while before I came to this country. My father thought I might better do so to get used to American food and learn to eat with a knife and fork and to wear the American dress, etc. No, I do not think it is so pretty as the Japanese dress, and the waists of your dresses I do not like. We do not wear any corsets, you know, with our Japanese dress, and we are so much more comfortable all the time, especially in the summer. But the lower part of your dresses seems better to me; the underwear and skirts of your dresses I like; they are easier to get about in. Oh, really, I like America very much, what of I have seen. And the American girls, they seem so bright to me and so nice. I like them very much."

Life in the Woolly West.

The other day an officer in Spanish Camp, Texas, went to a negro's house

to correct the fines and costs in a case. The darky opened fire on the constable and a little fusillade followed until both had emptied their revolvers. Then the constable left for more ammunition. Neither man was hurt though fully forty shots were fired.

THOSE GOOD OLD DAYS ARE HERE!

You all remember how we used to sing that song, and wonder how long it would be until they arrived. The time has been much shorter than we supposed. Did you ever in your whole life time know of a single instance when you could buy such clothing as quoted below for less than 50 per cent more? No, you cannot recall one single instance. If Ziegler was not in business here you could not get such bargains now. Walk down the street, stop into the different clothing stores and you will hear them all, with one accord, kicking about Ziegler cutting the prices. They say: "We used to make good profits, but now that Ziegler has commenced to slash his high grade merchandise we cannot even sell at our cost figures."

A house being connected with a company having branches all over the country, using millions of dollars worth of good, buying exclusively for cash have, naturally, the advantage of other houses, and should surely sell goods cheaper than any house in Janesville.
